Chapter 01

MY WHY: I Had To STOP Surviving & START Thriving

My name is Max, I am a Freelance Digital Marketer since mid-2019

Like many... I lost my job when the pandemic hit. I mean, I lost EVERYTHING, lights out - gone!

Being in my mid-50s I can't even find the words to tell you how scared I was. No real amount of savings to my name, I came from a service business. No work - No pay ... is how that goes.

To be fair... the pandemic shut-downs where I live were a true smack in the mouth to reality. My life to this point was going nowhere. I HATED my job of 20 years... I was working 60 to 80 hour weeks & couldn't even afford to take a vacation let alone take the time off!

I thought to myself...

When the pandemic is over, WHY would I EVER go back to that life? This was an opportunity for CHANGE so I put my head down and started researching how all of these people are making money online & offline.

I needed something that I could learn fast while at home AND before I lost my apartment.

I was struggling & getting very stressed out until I found Viva MK that taught me the ins and outs of network marketing.

I made a 100% commitment to the challenge AND myself. I realized that even a non-tech newbie like me could do this... and that was EXCITING!

I believe in the training I took. I can already see the financial rewards AND potential it has and how it could change my life for me and my family.

For me...

NO More 60 to 80 hour weeks - NO more working for an ungrateful boss and NO more stressing about how I'm going to pay the rent this month!

from now on... I'm in CONTROL of my life!

Chapter 04

ASK FOR SUPPORT

I started right where most start. I was curious. I had no experience but I was eager to learn and ready for a change. I followed someone on Facebook (my upline in VivaMK) for a while and on a whim signed up. I felt empowered and knowledgeable and knew the exact next steps I had to take.

I felt the community that came along with Viva MK, it equipped me with the knowledge to move forward. I began to educate myself online, launch my own content, website, sales funnels and email autoresponders with 3rd party companies . The more I did the more my confidence increased. With the increased confidence I knew it was time to share this with others, teach these skills to others so that others can find success online and offline

I am available at mrvivamk.com to answer any questions you have!

No question is a dumb question and I'm happy to help get you started, I just wish I had started sooner!
